

Teachers: How to access your growth data in EPSS

Growth data can be accessed through the EPSS link in your RIDemap account. The directions below explain the process for how teachers can view their growth scores.

- Under the **My Evaluation Cycle** Tab will be the folder **Growth Rating Information**. Click the plus sign to open the folder.

- Next, click on the **Growth Rating Information** file.

- The Growth Rating Information for students in your 2011-2012 cohort will appear in the report below.

My Evaluation Cycle

On this screen you can see Student Growth Percentiles (SGPs) for each of the students on your verified roster as well as the median growth score for the complete roster - the Cohort Growth Median. Please note that the Cohort Growth Median will not be factored into your Final Effectiveness Rating for the 2013-2014 school year. However, this data can and should be used for informational purposes to improve teaching and learning. For more information about the RI Growth Model, including how SGPs and Cohort Growth Medians are calculated, please visit www.RIDE.RI.gov/RIGM.

Growth Rating Information for:

2011-12 Cohort	Student Name	ELA	Math
	Student names will be listed in this column	21	77
		85	92
		10	94
		62	9
		77	99
		41	64
		87	58
		46	83
		91	56
		71	59
		66	47
		40	97
		60	98
		21	52
		85	86
		26	70
		33	93

2012-13 Cohort

Student Name	ELA	Math
